Who is Marco?

Campus

Hello there!
I'm Marco.

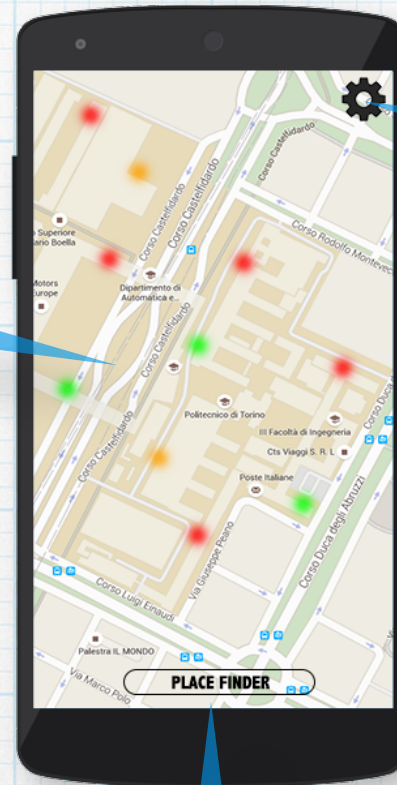

Student

What does Marco want?

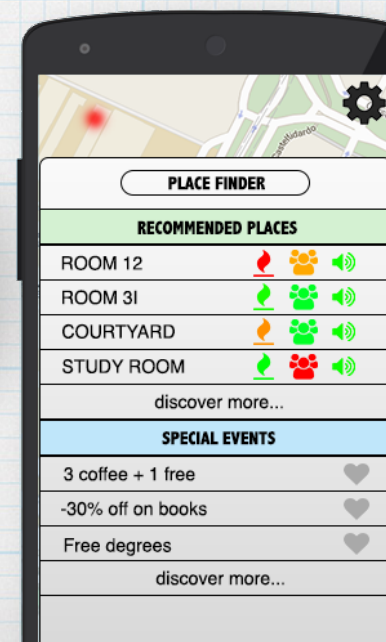

The solution

Thematic
Map

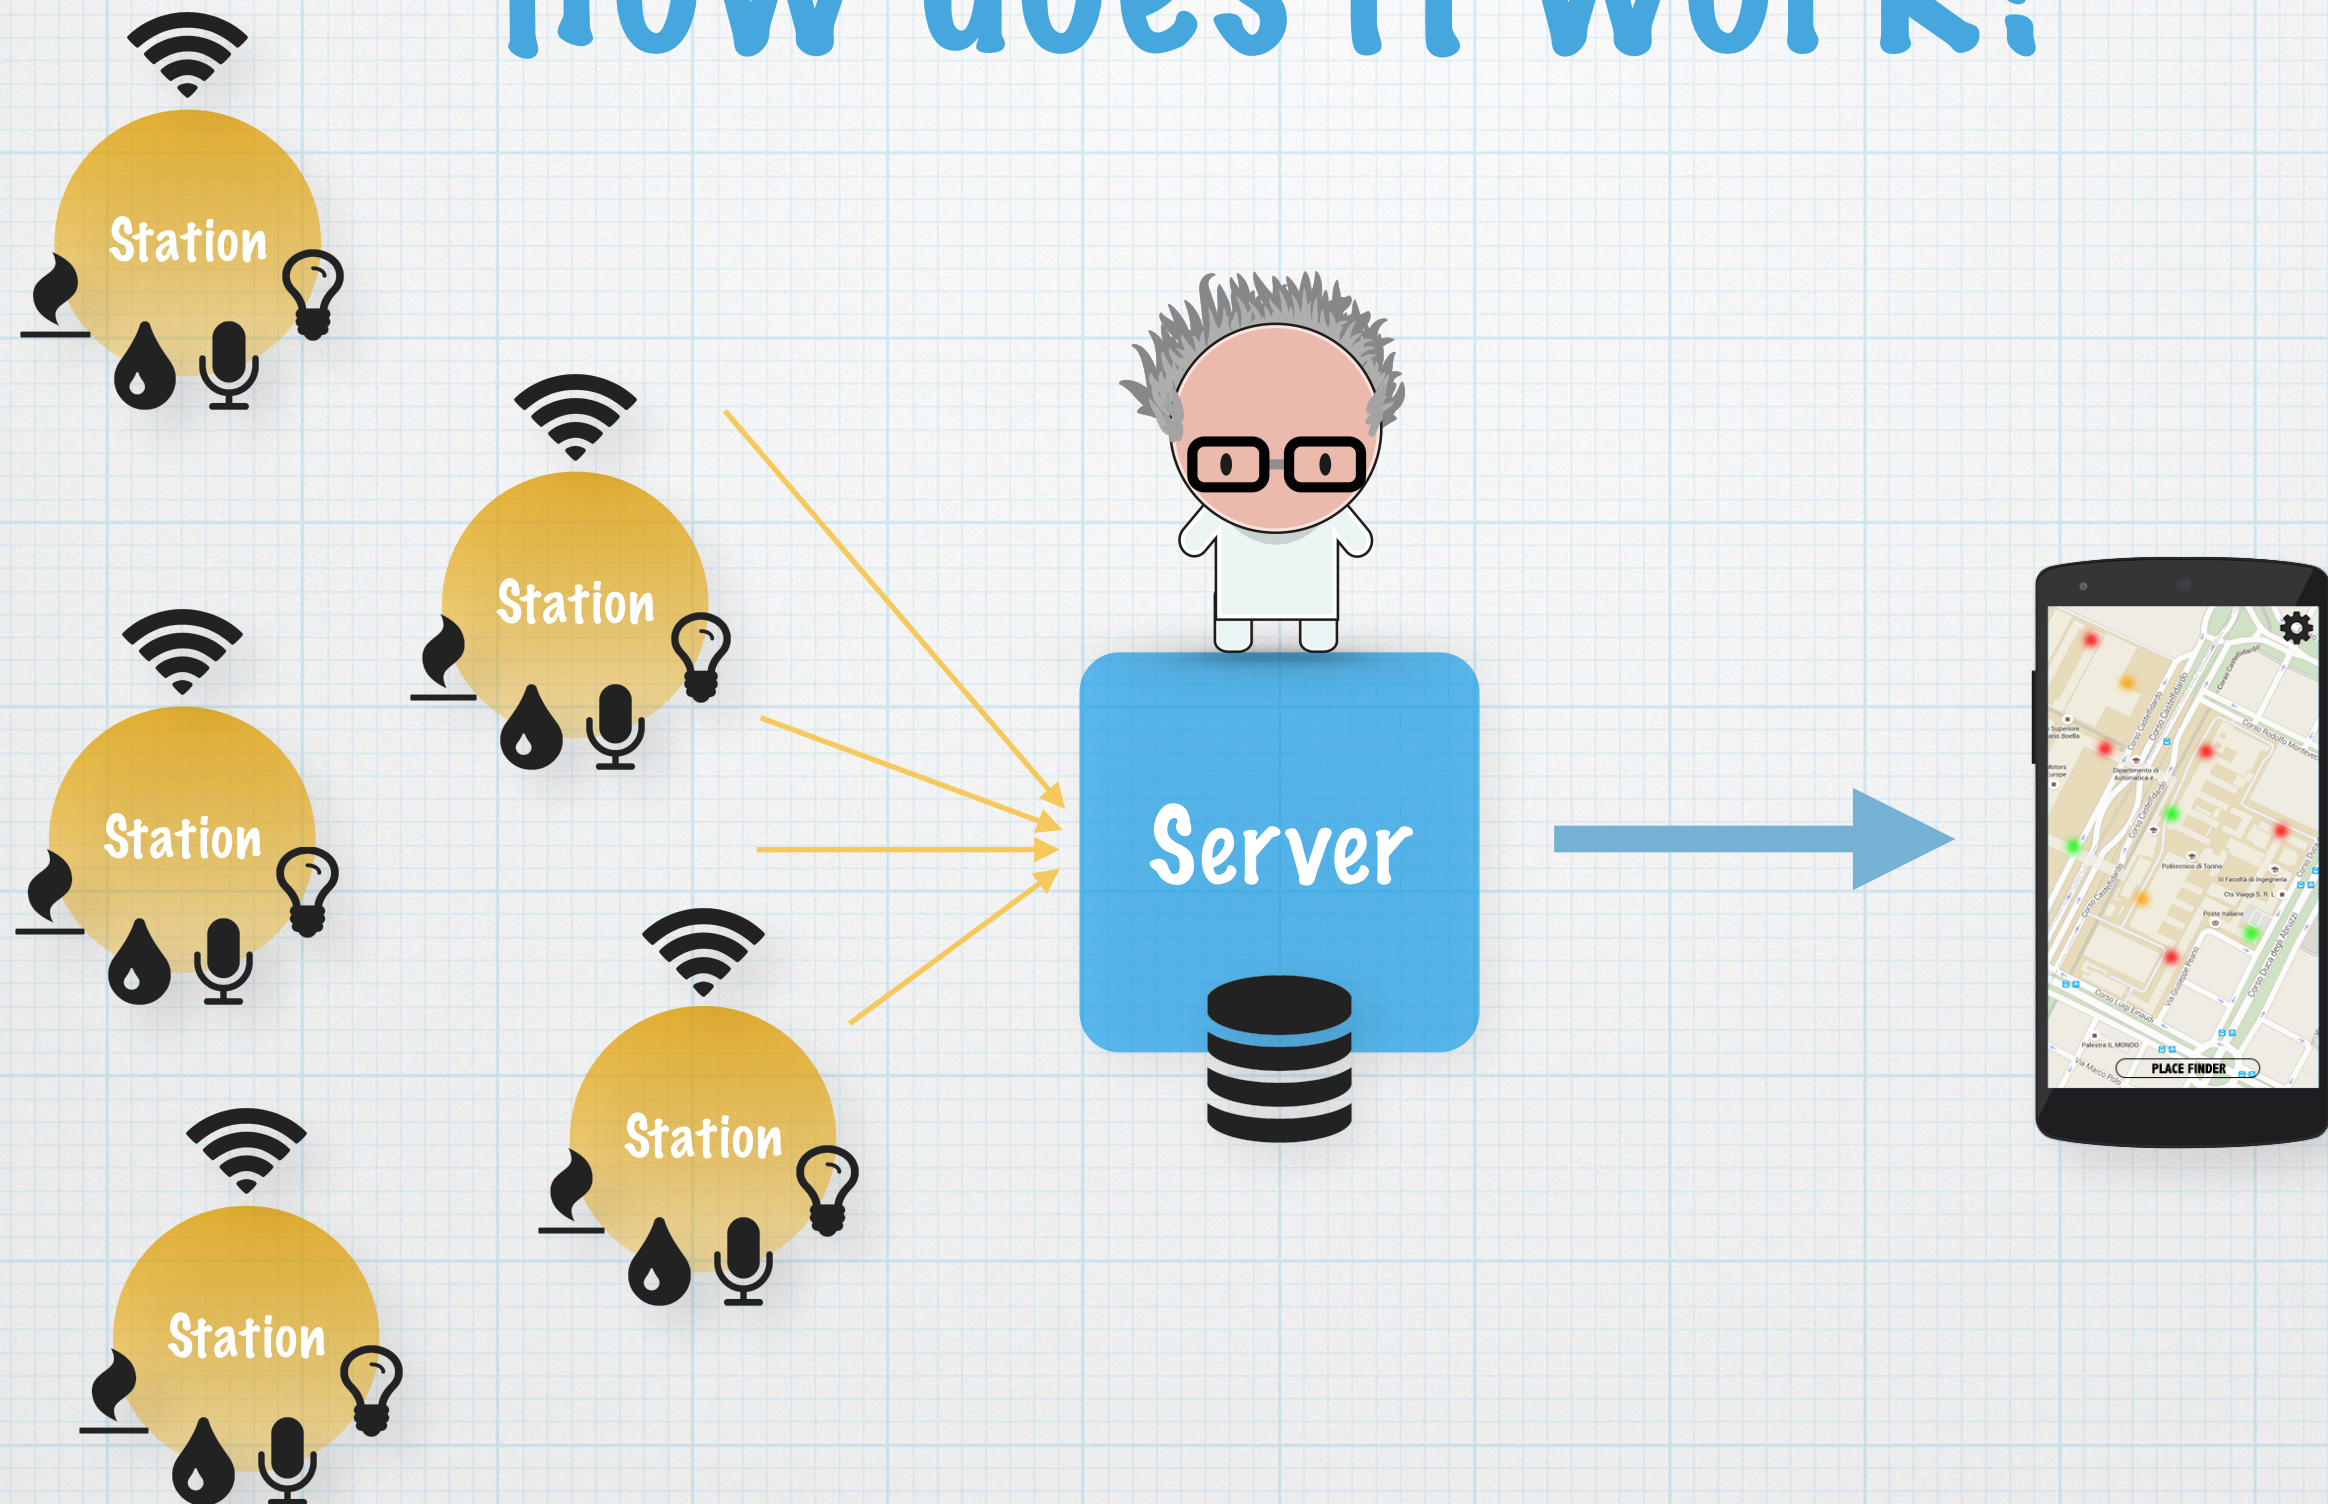

Preferences

Place
Finder

How does it work?

How does it work?

HARDWARE

Raspberry
Razberry

Z-Wave multiple sensors
Microphone

SOFTWARE

Z-Way API
Noise detection SW

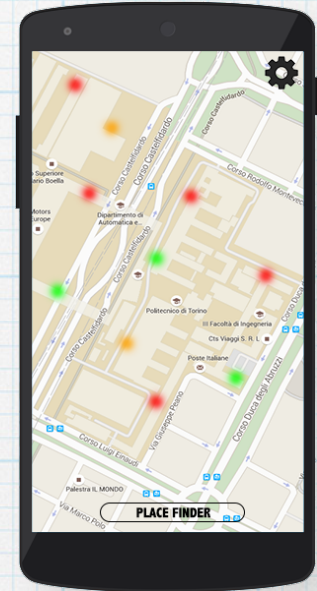

HARDWARE

Raspberry
(or PC)

SOFTWARE

Flask
SQLite

SOFTWARE

Google Maps API
jQuery
Bootstrap

Student gain

~~Student gain~~

not only students

Third-party organizations

- More data about crowds
- Less congestion

Others
(sellers, bars, libraries
inside Politecnico)

Possibility to create
events visible to
everyone using Marco Poli
thanks to Place Finder's
functions.

Thank you for your attention
